The Truth!

TELL US THE TRUTH!

MUGGERS are nearly always cowardly Black animals who attack defenceless White old ladies.

Out of 19,528 muggings carried out in London 11,000 were committed by Blacks while only 5,000 were committed by Whites. So even though there are less Blacks than Whites, they carry out more than twice as many muggings!

So this is the ugly truth that they don't want us to know. The Government, the police, and the newspapers are all trying to keep this secret from us.

The Government are trying to keep Black muggings quiet by refusing to carry out a special investigation into Black crime. When Tory MP Harvey Procter demanded a public inquiry into these latest crime figures he was told by William Whitelaw that the Government wasn't going to do anything to investigate Black muggings.

The police tried to keep the Black muggings quiet by refusing to publish the Black crime figures. It was only because Harvey Procter demanded to see them that the cops were forced to tell the truth.

The newspapers are trying to keep the Black muggings quiet by telling outright lies. The two cartoons on the right are good examples of these lies. They were printed in the *Sun* and they show muggers as being White skinheads. There is no evidence to show that skinheads carry out muggings but that doesn't worry the newspapers. All that they care about is making the Blacks look innocent. Somebody must take the blame for all the muggings carried out by Blacks – as long as the Blacks don't take the blame themselves!

It's about time we were told the truth about the violent Black animals that live in our cities. *Bulldog's* cartoon on the left is not likely to be seen in the *Sun*, but it is a lot closer to the truth!

TELL US THE TRUTH FOR ONCE – BLACKS, NOT WHITES, CARRY OUT THE MUGGINGS!

Lies!

"To make things simpler, we want YOU to spot the one you mugged."

Lies!

"I only mug social workers ... they understand!"

EDITORIAL

At last—there is a band with guts!

THE MIDDLE two pages of this issue of *Bulldog* make up a Rock Against Communism special. The reason for our decision to extend the RAC News feature by an extra page is that at last a band have come along with the courage of their convictions.

In the past, bands have supported the National Front at first, but have sold out as soon as they got recognition. The fact is that the music business is dominated by middle-class trendies and rich capitalists who support multi-racialism. It therefore takes a band with real guts to stand up for the White working class in such a hostile environment.

Skrewdriver are such a band — we salute their courage.

Why are we treated like criminals...

THE picture on the right shows White youths being herded out of Southend by the police. They had done nothing wrong and had broken no laws, yet the cops still pushed them around as soon as they turned up.

These unprovoked attacks by the police are becoming commonplace now. They daren't touch the Blacks because of all the politicians who cry out whenever a Black man gets picked on. Nobody cries out when Whites get pushed around, so the cops consider White youths an easy target.

Meanwhile, London's top cop Sir Kenneth Newman (below) visits a Black youth centre in a muggers' area of South London to hand over a donation to the Blacks from the Metropolitan Police.

While the Blacks are treated like heroes?

BULLDOG BLACKLIST

66—Michael Madigan; 67—Eric Segal

BULLDOG receives dozens of letters every month from people who want to see their local traitors put onto the *Bulldog* Blacklist. In fact, we receive far too many to be able to print them all, but reprinted below are two of the letters which arrived during April.

RED MICK IS BLACKLISTED...

Dear *Bulldog*,

I would like to propose Labour Councillor **Michael Madigan** as a candidate for the *Bulldog* Blacklist. The enclosed press cutting is the latest of his quite regular anti-NF outbursts. In a council meeting on the same day as this article was published Madigan referred to "scum organisations like the National Front."

Madigan is an active enemy of our party — as soon as he finds out about our booking of council property in Darwen he will, no doubt, attempt to stop it.

Locally, we shall be mounting a major campaign against the Labour Party and Madigan in particular. If you are able to feature him on the Blacklist this will help us.

Michael A. Madigan — Labour Member, Blackburn Borough Council.

Address: 63 Delph Approach, Blackburn, Lancashire.

Telephone: (0254) 56416.

Known to his friends as 'Red Mick' he is an enthusiastic multi-racialist and opponent of the National Front.

Yours faithfully,

Bob Hayes, Secretary,

Accrington & Blackburn National Front.

...SO IS RED ERIC

Dear *Bulldog*,

I should like to propose someone for the Blacklist. His name is **Eric Segal** and he lives at number 10 Westbourne Gardens, Folkestone, Kent. He is the full time organiser for Militant Tendency in the South East. His wife Robbi is also a member. His whole family are Jewish.

I do not have a photo of him unfortunately and I've lost his telephone number, but he can be contacted through the Springfield Hotel, 5/6 Westbourne Gardens, Folkestone. Tel. (0303) 55514.

His family own this hotel and it is the venue for a number of red meetings and parties. His whole family are completely anti-British. They will not allow Union Jack T-shirts to be worn in the bar or any slightly right-wing bands to play there.

Yours for Race and Nation,

A YNF Member,

Folkestone, Kent.

SKREWDRIVER LEAD THE WHITE BACKLASH!

NEARLY FIVE HUNDRED people turned up to see Skrewdriver and two other bands play a concert for Rock Against Communism last month.

The concert was held at Stratford in East London and the number of people who turned up exceeded all expectations.

The first band to play were a group called Peter And The Wolves. They played a fast and furious set which went down well with the crowd.

The Ovalteenies were next on and they really got the crowd going. They have a hard-core following of White racists who even hired a coach to get them to the concert. Mick, the lead singer, finished the band's set by stripping off his Ovalteenies t-shirt to show off the 'White Power' t-shirt he was wearing under it.

By the time Skrewdriver came on the crowd were really warmed up. They opened their set with the last single, *Back With A Bang*, and continued with a string of old favourites including *Anti-Social* and *Boots And Braces* from the *United Skins LP*.

But it was the newer, more political numbers which seemed to go down best with the crowd. *Shove The Dove*, *Tomorrow Belongs To Me*, *Voice Of Britain*, *Smash The IRA* and the next single, *White Power*, all guaranteed that any Black-lovers in the audience had a heart attack!

All in all it was a very successful and enjoyable evening and hopefully it will be only the first of many RAC gigs to take place in the future.

BE THERE!

The next Rock Against Communism concert will be held very soon. Anybody who wants to see Skrewdriver and other patriotic bands live should write to *Bulldog* and we will let you know where the next gig is to take place. Write to *Bulldog*, 50 Pawsons Road, Croydon, Surrey CRO 2QF.

ROCK AGAINST COMMUNISM—APRIL 1983

SKREWDRIVER

THE OVALTEENIES

SOUNDS LIKE WAR!

THE Black-loving scum in the music business are trying to destroy Skrewdriver. They have been trying to smash the band ever since they found out that Skrewdriver support the National Front.

Perhaps the group's biggest enemy is Gary Bushell, the Features Editor of *Sounds*. Bushell declared war on Ian Stuart and the other members of the band as soon as they refused to toe the line. Ever since then he has done everything he can to ruin the band's chance of succeeding.

He put a news black-out on anything to do with Skrewdriver appearing in *Sounds*.

He banned Skrewdriver from advertising their future gigs in *Sounds*. He blackmailed shops, such as Small Wonder records, by threatening to black their adverts in his paper if they didn't stop selling the group's records. Finally, he tried to get Skrewdriver banned from playing live dates by making threatening phone calls to the owners of all venues where the band have played.

In short, Bushell has declared all-out war on Skrewdriver. But if Bushell wants war he can have it. The White Backlash in the music industry is just beginning!

THE WHITE BACKLASH!

THERE ARE only two things that White racist bands can do when they are faced with attempts by the music business to smash them. They can either give up or fight back.

It's about time Skrewdriver and all other patriotic bands started to fight back!

OUR OWN RECORD LABEL

A NEW independent record label is being set up especially to bring out records by patriotic White bands. It will be called White Noise Records and the first single on the label will be White Power by Skrewdriver.

OUR OWN LIVE DATES

THE Rock Against Communism concert held last month will only be the first of many to be held in future. If nobody in the music business will handle concerts by racist bands then Rock Against Communism will just have to organise the concerts itself!

OUR OWN MUSIC PRESS

ISSUE FOUR of *Rocking The Reds* is now out. It includes a full-length interview with Ian Stuart of Skrewdriver, as well as news, reviews and an article on Rush. It is available from RAC, 50 Pawsons Road, Croydon, Surrey CRO 2QF. Price 20p plus 12½p postage.

ANTI-SOCIAL!

SKREWDRIVER can't get their record sold through the shops and they can't get a fair hearing in the music press because they are 'anti-social' and want White Power for Britain.

Compare this to the Hungarian rock group LGT, talking about repression in their own country: "Supposing a group is anti-State, they will not be handled as criminals but they won't make any records. The truth is that there are groups who can't make it because they are anti-social."

There is no difference between the way groups are treated in communist Hungary to the way racist groups are treated in Britain. So much for our so-called 'free' country!

*Stand and watch my country, going down the drain,
We are all to blame now, we must be insane;
We're letting them take over, and we just let them come,
Once we had an Empire, and now we've got a slum.*

(CHORUS)

*White Power for England,
White Power today,
White Power for Britain,
Before it gets too late.*

*I've seen a lot of riots, and we just sit and scoff,
I've seen a lot of muggings, the judges let them off.*

(CHORUS)

*We've got to do something, try and stop the rot,
The traitors that have used us, they should all be shot.*

(CHORUS)

*Are we gonna sit and let them come?
Have they got the White Man on the run?
The multi-racial country is a miss,
We ain't gonna take much more of this.*

(CHORUS)

*If we don't win our battle, and all does not go well,
It's apocalypse for Britain, we'll see you all in hell.*

(DOUBLE CHORUS)

BULLDOG PRESENTS... A WHOLE PAGE OF RACIAL HATRED

This article was written by a Black Power leader called Marcus Marable. All of it simply drips with hatred for the White Race. Why isn't this Black extremist doing a prison sentence for inciting racial hatred?

ADDRESS BY MARCUS MARABLE

The battle for Black Liberation continues in towns and cities all over Britain. Our growing numbers ensure our final and eternal triumph... By the sheer weight of our numbers our victory is inevitable.

It cannot be over emphasised though that patience is vital at this stage. The white imperialists must be kept asleep by our constant overtures of friendship and "brotherly love". It is necessary to keep them divided and in a state of constant disunity whilst at the same time maintaining solidarity with every revolutionary black brother and sister.

Already their spirit is broken by our vast presence and through the existence in their ranks of traitors, "do-gooders" and downright starry eyed fools who do our revolutionary work for us by placing the noose around the necks of their own people and delivering them into our waiting hands.

Efforts must be stepped up to keep a tighter rein on some of our more enthusiastic elements. Although events like Brixton and Bristol etc. are exciting new examples of Black Power flexing its muscles, we cannot at this stage afford to discard too readily our mask of stifling white "civilization".

**Like lambs to the slaughter.
They are the White sheep...
and we are the Black wolves.**

On a broader revolutionary note it is well to bear in mind the helpful roles performed by certain institutions in this country. In particular the news media has been of the greatest assistance in making the road to Black Liberation (and ultimately — we might as well say it — Black Domination) so much easier for us.

On the whole we receive very favourable coverage from both the Press and broadcasting authorities. And remember the media are all-powerful when it comes to techniques of persuasion. A person living in hell can be convinced he is in heaven when the media is all-powerful.

Think about it. Every morning Honky rises and reaches for his *Daily Star*, *Mirror*, *Guardian* or whichever. Every morning he falls for the siren calls to give up and accept his defeat. Every evening he slumps into his armchair and is hypnotised by our greatest ally — the television. His mind is filled with trivia and rubbish. His attention is diverted to soap operas, football and other inconsequential fantasies. And all the while like a sleep walker he is induced to enter the gates of the racial slaughterhouse, to become an extinct species, to move aside for the ultimate Conquerors — the Black People of Britain.

THEREFORE WITH SUCH ALLIES IN THE MEDIA WE CANNOT FAIL. SO DO NOT BE TOO HARD ON THE MEDIA MAN, O.K.

In preparation for the coming struggle the process of "softening up" the whites con-

tinues. By constantly exposing the racist oppression carried out by the Nazi police pigs, for instance, we can draw upon the bottomless reservoir of sympathy inherent in every arrogant, patronizing Honky. This is one of our greatest assets. We have learned from our Jewish and Socialist comrades that it is vital to instil a tremendous feeling of guilt in whites in order to paralyse them into total inactivity.

At all times we must appear as downtrodden scapegoats and victims of racial abuse and attacks.

This approach definitely works. The guilt and pity of whites for us is already such that we have dispossessed them of enormous areas of their country without so much as a squeak from them. (Our friends in the media ensure that those whites who do dare to complain get either a very bad coverage or no coverage at all. In this way a potent white mass movement against us cannot possibly get off the ground).

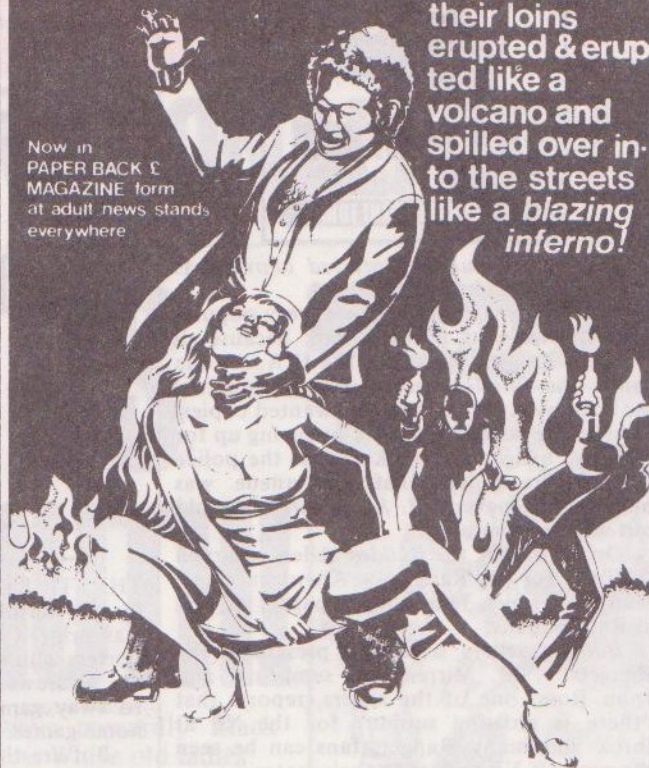

However as their society really begins to crumble even the most stupid and cowardly whites will finally realise that they are in a war situation and that the side they are on depends upon the colour of their skin, that is, their uniform.

Therefore we must be on constant alert and maintain strong links with the Trade Union movement and the Labour Party so that by Parliamentary (legal) means we can fill to overflowing Britain's prisons with those Honkies who dare to resist our inevitable triumph. In short we will have them interned

**Honky bitch
you won't know
what real integration is
until you have some**

The fire in their loins erupted & erupted like a volcano and spilled over into the streets like a blazing inferno!

I.R.A. BASTARDS!

ISSUE 31 of *Bulldog* (printed above) has sold by the hundred in Scotland.

The front page headline was very popular when it was sold at Ibrox Park because all Glasgow Rangers fans hate the IRA. At one game, the *Bulldog* sellers were completely mobbed by Rangers fans who wanted copies. There were so many people queueing up for *Bulldog*, badges and stickers that the police warned the sellers that the queue was blocking the pavement. All papers were sold out within 35 minutes.

On April 9th, the *Bulldog* sellers returned to Ibrox for the Rangers v. Aberdeen game. Many Aberdeen fans bought papers as well as Rangers fans.

Bulldog sellers were also present at the Rangers v. St. Mirren cup semi-final and John Ross, one of the sellers, reports that "there is growing support for the NF at Ibrox and many Rangers fans can be seen showing off NF badges to their mates."

FOOTBALL VIOLENCE IN NORTHERN IRELAND

A GROUP of IRA supporters came unstuck when they provoked a group of National Front supporters at a football match in Northern Ireland.

The match was between Cliftonville, an IRA team from Belfast, and Coleraine, a Loyalist team from County Londonderry.

The trouble started when about 20 Cliftonville fans went into the Coleraine social club during the half-time break. They were asking for trouble because the Cliftonville fans had been chanting "IRA! IRA!" and "Ballykelly!" during the first half.

As soon as the Cliftonville supporters walked into the club they were set upon by angry Coleraine fans who hate the IRA and are proud to be British. According to one eyewitness, the "whole place erupted, with glasses and bottles flying."

The Cliftonville IRA supporters beat a hasty retreat and the Coleraine NF now call them "Chickenville!"

Not surprisingly, the National Front took all the blame for the trouble in the newspapers the following day. But at least the IRA supporters now know that they're not welcome in Coleraine.

"BRING BULLDOG BACK TO BRUM!"

Birmingham City F.C. NATIONAL FRONT

P.O. BOX 544, GREAT BARR,
BIRMINGHAM B43 5QH.

THE STICKER reprinted above was produced by the Birmingham City National Front. It was printed by a group of Birmingham supporters who have been doing a lot of work at St. Andrews. They have also hired coaches to away games and regularly sell *Bulldog* at home games.

But are they doing enough? One Birmingham City supporter doesn't think so:—
Dear Editor,

I would like to know what has happened to *Bulldog* sellers at St. Andrews. I am quite alarmed at the disappearance of it, and considering that Blues fans are by far the most

racist in the Midlands, I am surprised you are not pushing your sales here.

I would like to point out that the signing of Noel Blake has done nothing to deter us. At Notts Forest this season he came up to applaud the Blues fans and was hit by a beer can thrown from the terraces.

I would be very pleased to see a big sales drive at St. Andrews and to see us high up in the League of Louts once again. 'BRING BULLDOG BACK!'

Yours sincerely,
B.C.F.C. NF,
'For God, Queen and Ulster'.

CHELSEA FANS IN RACE RIOT

A RACE RIOT broke out in Doncaster Town Centre between Black youths and visiting Chelsea supporters.

The two groups swore at each other and "hurled racist abuse." Finally, the two groups

ran at each other and a fight broke out.

Four Chelsea fans were fined a total of £700 for their part in the fight. All the Blacks were let off!
